de Granada

# 1 Context

---

In its second edition in partnership with beamian, the international employment fair in Granada, aims to promote actions that generate employment. This fair also plans to position itself as one of the most important at national level, in Spain.

By offering the opportunity to bring great companies and job seekers to get to know each other better, they can filter on the spot whether they might be the perfect match for each other, simplifying the whole process.

# 4 Customer Testimonial

---

“ Having the beamian solution for the Granada international job fair has been a great success. We have been working with beamian for two editions in a row and we will certainly continue to work with them. The interactions between participants and companies is easy, fast and intuitive. In addition, to eliminating paper, you can keep track and control accesses to the event. ”

(Inmaculada Herrador, Employment Manager at University of Granada)
